

# Participant Notification

## Acknowledgement of Commercial Support

Purdue Pharma L.P.

### Objectives — After attending this program Participants will be able to:

- Compare theoretical and practical ideologies regarding the characteristics of our health care system that contribute to the soaring cost of health care.
- Recognize and apply emerging trends and innovations in the prevention and management of complex medical conditions in order to avoid or postpone the need for transplantation, including VAD therapy for end-stage heart failure, and the medical management of chronic kidney disease.
- Define the concept of accountable care, and identify how this concept may improve the quality of patient care and help lower health care costs.
- Discuss clinical management measures for pediatric patients, including those with congenital heart disease, children who survive intensive care, and children with obesity-related disease.
- Name the most pressing issues facing the health care system in light of the current status of health care reform.

### Statement of Disclosure

All faculty/speakers, planners, abstract reviewers, moderators, authors, co-authors and administrative staff participating in the continuing medical education programs are expected to disclose to the program audience any/all relevant financial relationships related to the content of their presentation(s). The list below includes all individuals in control of content for this CME activity.

### Financial Relationship Key

**G**-Grant/Research Support  
**C**-Consultant/Scientific Advisor  
**S**-Speakers' Bureau  
**E**-Employee  
**O**-Other  
**N**-Nothing to disclose  
**X**-Will disclose onsite

### Resolution Key

**R1**-Restricted to Best Available Evidence & ACCME content validation statement  
**R2**-Removed/Altered Financial Relationship  
**R3**-Altered Control  
**R4**-Peer Review with 2<sup>nd</sup> method of resolution  
**N/A**-Not Applicable
