

As part of Optum's 21st Annual National Conference

The University of Chicago Medicine invites you to explore

**“The Transplant Patient Experience at the University of Chicago Medicine”**

Learn about the University of Chicago Medicine’s transplant experience, from expedited appointments and evaluation, the multidisciplinary committee decision-making process, listing and the living donor process, to transplant surgery and post-transplant care. Get a sneak peak tour of our new hospital, opening in January 2013. Participate in the ***Transplant Treasure Hunt*** for a chance to win an iPad3!
